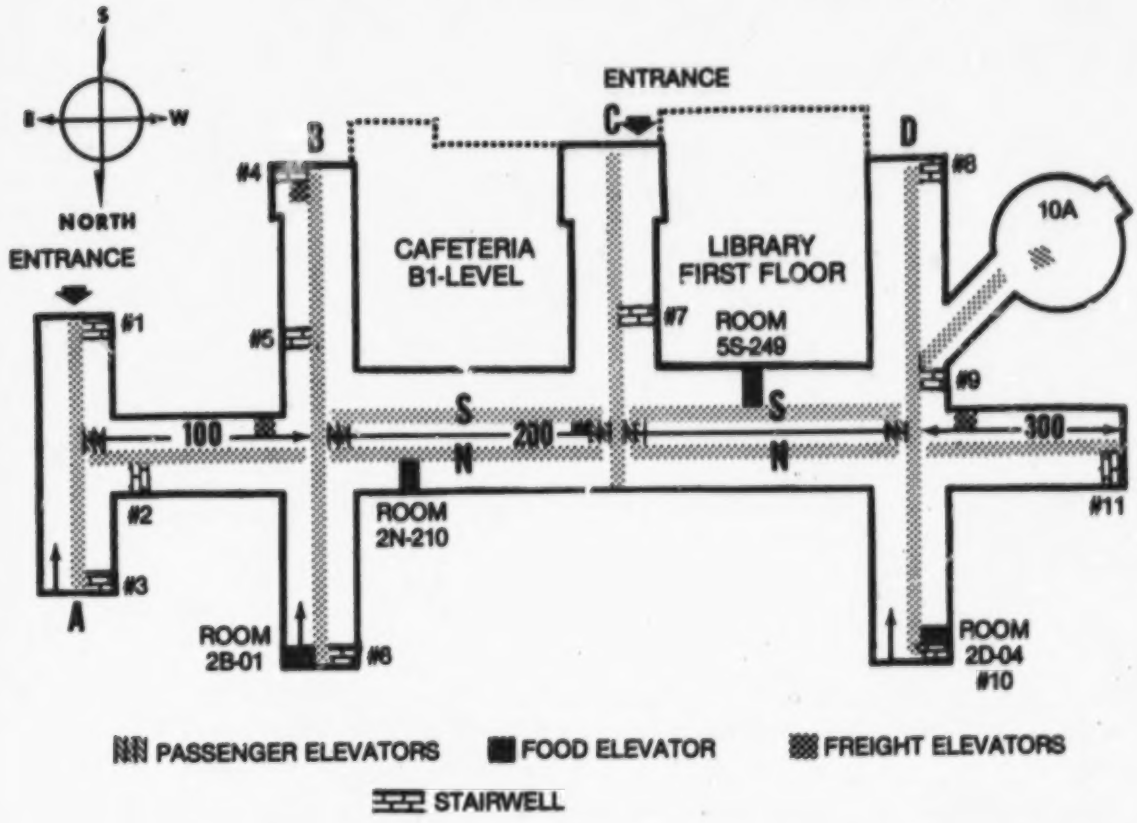
NUMBERING SYSTEM OF CLINICAL CENTER ROOMS



All rooms are designated by floor, corridor, and room number. For example, 2-B-01. This means that this room is located on the second floor of the Clinical Center, Corridor B.

There are two parallel corridors, running east and west. These are:

Corridor S (south side of building) (patient care area)
Corridor N (north side of building) (research area)

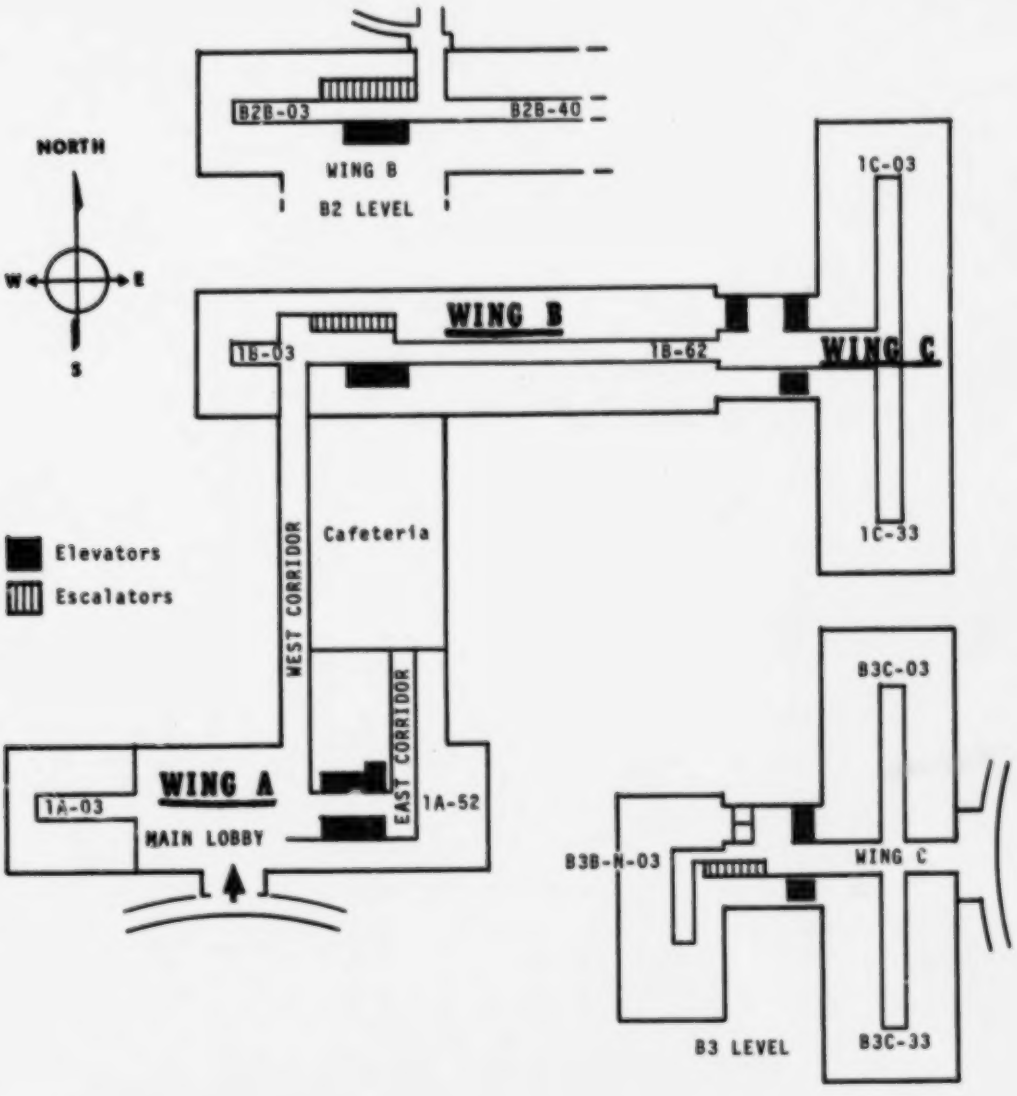
In corridors S and N, all numbered rooms begin at the east end of the corridor, odd numbered rooms on south side and even numbered rooms on north side of corridors.

Four corridors in the Clinical Center run north and south. These are: Corridors A, B, C, D. In corridors A, B, C, and D, all numbered rooms begin at the NORTH end of the corridor with number 01, odd numbered rooms on east side and even numbered rooms on west side of corridors.

Surgical Wing, Building No. 10A is joined to the Clinical Center at four (4) levels, 1st through 4th floor. The entrance corridor rooms are numbered in sequence as a continuance of the South corridor of the Clinical Center. Blood Bank is on the first floor.

The Main structure, because of its design and the location of the corridors forming its outer perimeter are numbered from right to left.

GUIDE TO BUILDING 31



All rooms are designated by floor, wing and room number. For example 2A–03. This indicates that the room is located on the second floor, Wing A.

All rooms are numbered in sequence beginning at the West end of each wing. Odd numbered rooms are on the North side while even numbered rooms are on the South side of corridors.

Two corridors run North and South between Wing A and Wing B at the 1st Floor level and B1 level.

First Floor Level:
East Corridor – Conference Rooms, Cafeteria, etc.
West Corridor – Vending Stand, Cafeteria, etc.

B1 Level:
East Corridor – Mail Room, R & W Gift Shop and Self Service Store.
West Corridor – Conference Room No. 5.

The Printing Plant is located in the B3 Level and B4 Level in Wings C and B.

The sixth floor, Wing C is comprised of major conference rooms.
